## About the Courses

Comprehensive Courses cover the full breadth and depth of the standards. Courses are constructed with scaffolding and supports to ensure that the rigorous material required to meet the standards is accessible to all students.

## Pathways

Multiple course pathways support academic success for all students, from those not prepared for grade- level academic challenges to those capable of accelerating their learning.

Pathway	Foundations	General Studies			Advanced Placement*
		Shared standards, scope and sequence.			
		Prescriptive	Core	Honors	
<b>Content</b>	Skills remediation in reading, writing, science, and math	Scaffolding of grade level content		Extended application	Approved by the College Board
<b>Audience</b>	Transitioning from middle to high school Performing below grade level	Students prepared for grade-level content		Accelerated	Highly-motivated
<b>Duration</b> (hours / semester)	70 – 90	Students may accelerate past previously mastered material resulting in variable and potentially shorter durations.	70 – 90	90 – 110	120

\*Advanced Placement and AP are registered trademarks of the College Board.

## Scaffolding and Support

Apex Learning’s newest courses contain scaffolding and supports to prepare all students for college and career success. These opt-in content supports and context-specific scaffolds are embedded into the instruction, ensuring students have the support and guidance they need to master required content.

## Course Design

Courses are either one or two semesters in length. Within each semester, units break the course into major topics and are subdivided into lessons; each lesson contains activities.

## Activity Types

Type	Description	Scoring	Print Component
<b>Unit Overview</b>	Welcoming overview of unit content using text, images, and video.	N/A	No
<b>Unit Pretest</b>	Prescriptive pretest to identify mastered content. Prescriptive pathway only.	Computer	No
<b>Lesson Overview</b>	Welcoming overview of the lesson using text, images, and video. Includes lesson objectives and key terms.	N/A	No
<b>Study</b>	Direct instruction of course concepts using text, images, multimedia, and active learning opportunities.	N/A	Study Sheet
<b>Quiz</b>	Study-level or lesson-level assessment.	Computer	No
<b>Checkup</b>	Free-response activity that is self-assessed.	N/A	Optional
<b>Practice</b>	Helps students apply and extend learned concepts.	Teacher	Optional
<b>Discuss</b>	Open-ended prompts that promote online class discussions.	Teacher	Optional
<b>Explore</b>	Enrichment activities that include guided research using external web links.	Teacher	Optional
<b>Journal</b>	Writing activities that offer opportunities for personal reflection or analysis of unit concepts, themes, or readings.	Teacher	Optional
<b>Lab</b>	Hands-on wet, dry, or hybrid (both wet and dry) laboratory work. Science courses only.	Teacher	Optional
<b>Project</b>	Provides an opportunity for students to apply their skills to complex situations or questions to deepen comprehension.	Teacher	Optional
<b>Log</b>	Used for recording independent — and usually offline — practice. Music Appreciation and Physical Education only.	Teacher	Optional
<b>Review</b>	Review to prepare students for comprehensive unit tests or semester exams.	N/A	Sometimes
<b>Diagnostic</b>	Formative unit assessment. Used for unit review, pre- or post-test. Generates an individualized study plan for further study.	Computer	No
<b>CS-Test</b>	Summative unit-level assessment.	Computer	No
<b>TS- Test</b>		Teacher	Optional
<b>Exam</b>	Summative semester-level assessment.	Computer	No
<b>Final Exam</b>		Teacher	Optional
